

Frequently Asked Questions

Q. What will change with my accounts?

A. The conversion of your Gehant Bank accounts into the First State Bank system will not occur until **March of 2021**. However, you will be able to transact at any of our First State Bank locations before we convert. We will do everything we can to make this transition as smooth as possible. More information will come to you closer to the conversion date.

Q. Do I still use my Gehant checks and Debit Card(s)?

A. You can keep using your Gehant checks and Debit Cards for the time being. You will notice any checks you order going forward will come with the First State Bank name on them. However, we will still be using the Gehant routing number. **In March of 2021**, we will be replacing your checks and debit cards as we converge the two banking systems. Additional information will be made available as we get closer to this date.

No changes to any Direct Deposits or ACH transactions will be required at this time.
